Profile

I am a graphic designer with strong skills in email design, working with licensed brands, as well as print and pattern design. What I love about designing is that I can create a piece of work that can be seen all over the world. I am capable of creating designs with end results that will grab the viewer's attention. I plan to have a career creating beautiful and effective designs.

Experience

Cheryl's Cookies, Westerville, Ohio

August 2019-Present
